JAN 27 newstest

test me

after editing content and change the location of post

The screenshot displays a web application interface. At the top, there's a header with a 'test' label and a '145' count. Below this, a sidebar on the left contains an 'ASSIGNMENT' section with a table listing 'Agent', 'Team', and 'Followers'. The main content area shows a message box with the subject 'EMAIL' and the body text 'EMAIL REGRESSION CHECK: Send to owner and ccs'. The message is addressed to 'Test user (tester.deck12@gmail.com)' and copied to 'user04 (tester.deck4@gmail.com)'. The sidebar also includes a 'USER & CC'S' section with a list of users.
