The screenshot displays the CloudQAtest interface. On the left, there is a table listing various user forms. The table has columns for 'Name', 'Field Type', and 'User Forms'. The 'Single-line Text' form is highlighted. On the right, a configuration panel for the 'Single-line Text' field is visible. The 'Default value' is set to 'Single-line Text'. The 'Agent Validation' dropdown is set to 'Require agent to provide value'. The 'Min. characters' is set to 1. There are also checkboxes for 'Make links clickable' and 'Enable agent validation when the ticket is being resolved'.

Name	Field Type	User Forms
