The screenshot displays a user interface for a service named 'gfddd'. At the top, there are several tabs: '16956', '@Variables('Application_status')', 'Add', and '#Blue'. Below the tabs is a navigation bar with icons for information, users, clock, refresh, and other functions. A dropdown menu shows 'Awaiting Agent' with a '4' badge. Below this is a table with columns for 'Agent', 'Team', and 'Followers'. The table contains one row with a robot icon for the agent, a smiley face for the team, and a plus sign for followers. Below the table, there are three status indicators: 'Next event' (dash), '3 mins Ticket Open', and '3 mins User Waiting'. On the right side, there is a 'Messages' panel with an 'EMAIL' button and a message from 'Test user 01/07 (tester.test08@gmail.com)'.
