The screenshot displays a web application interface for searching tickets. On the left, a sidebar contains navigation options: 'Mine' (26), 'Test QA' (26), 'I'm Following' (10), 'My Team's' (0), 'My Pending' (13), 'INBOX', 'All Tickets' (1575), 'SLA Failed' (1273), 'Live' (0), 'Queue 04/09' (160), 'Unassigned' (1374), 'Awaiting user' (160), '112Queue' (1575), and 'queue 22/01' (1575). Below these are 'Lists' and 'New List' options, followed by 'Search' and 'New Search' buttons. The main content area shows 'No Tickets' with a search bar and the text 'Enter a search term or select fields to start searching.' On the right, a 'Refine Search' panel is visible, with a red box around the 'Error' button and a red arrow labeled '4' pointing to it. The bottom right corner shows a code editor with HTML snippets, including a snippet for a button with the text 'Error'.
