The screenshot displays a web application interface for searching tickets. The main content area shows "No Tickets" with a search bar and a "Refine Search" panel on the right. The "Refine Search" panel includes fields for "Search", "Author", "Date Written", "Subject", "Attachment", "File Name", "File Extensions", and "Ticket Properties". A red box highlights the "Error" message in the "Refine Search" panel. The right side of the image shows a portion of the application's source code, including HTML and CSS.
