Test tiny mice

The screenshot displays a web application interface for a ticketing system. On the left, a sidebar contains navigation options such as 'Mine', 'Test QA', 'I'm Following', 'My Team's', 'My Pending', 'INBOX', 'All Tickets', 'SLA Failed', 'Live', 'Queue 04/09', 'Unassigned', 'Awaiting user', '112Queue', and 'queue 22/01'. The main content area shows a 'No Tickets' message with the text 'Enter a search term or select fields to start searching.' On the right, a 'Refine Search' panel is visible, with a red box highlighting the 'Error' button. The search results area shows a red box around the 'Error' message. Red arrows point to the search bar (1), the 'Search' button in the sidebar (2), the 'Error' button in the 'Refine Search' panel (4), and the 'New Search' button in the sidebar (3). The bottom right corner shows a code editor with HTML and CSS code.
