new topic by the agent

The screenshot shows a Microsoft Teams chat interface. The chat title is 'gfddd'. At the top, there are several tabs: a phone icon with '16956', a tab with '@Variables("Application_status")', a green 'Add' button, a pink '#Blue' tab, and another '+ Add' button. Below the tabs is a toolbar with icons for info, people (2), refresh (2), back, forward, mute, and a cube icon. The main chat area shows a status bar 'Awaiting Agent' with a dropdown arrow and a '4' in a yellow circle. Below this is a table with three columns: 'Agent', 'Team', and 'Followers'. The 'Agent' column shows a person icon, the 'Team' column shows a yellow smiley face icon, and the 'Followers' column shows a plus sign. Below the table, there are three status indicators: 'Next event' with a dash, '3 mins Ticket Open', and '3 mins User Waiting'. On the right side, there is a 'Messages' pane with a dark blue header. Below the header, there is an 'EMAIL' button and a message header 'To: TU Test user 01/07 (tester.test08@gmail.com)'. The bottom right corner of the chat area shows a dark blue background with white stars.
